NOTICE OF THE PUBLIC CONSULTATION ON MUNICIPAL WARD DELIMITATION

Prior to municipal elections taking place, the Municipal Demarcation Board (MDB) is required by law to conduct ward delimitations for all metropolitan and local municipalities. In preparation for 2016 local government elections, the MDB is in the process of holding consultative sessions throughout the country.

Members of the public in Matjhabeng Local Municipality are reminded that public participation is the essence of our democratic constitution and it is core of our envisioned developmental local government system. The primary purpose of these consultations is therefore to afford members of the public and interested stakeholders to participate in the wards delimitation process. Interested parties will be allowed to make inputs on how they would like their wards to be configured. In the meantime, we encourage members of the public and interested parties to visit the MDB website on <http://www.demarcation.org.za> in order to make sense of the draft/proposed ward maps. It is in the interest of interested parties and members of the public to analyse if the ward maps will promote the twinned tasks of democracy and development, which each municipality must address within the context of a developmental local government system.

The meeting is scheduled as follows:

Date : 29 January 2015

Time : 10H00

Venue : Ferdie Meyer Hall
