

SERVICE DELIVERY & BUDGET IMPLEMENTATION PLANS (SDBIPs) FOR THE FINANCIAL YEAR 2014 – 2015

1. PURPOSE

The purpose of this submission is to table the Matjhabeng Local Municipality's Service Delivery and Budget Implementation Plans (SDBIPs) before the Honourable Executive Mayor for consideration and approval as per the prescripts of Section 53 (1) (c) (ii) of the Municipal Finance Management Act (MFMA) Act No 56 of 2003 as amended.

Needless to say, the SDBIPs must be read together with the Integrated Development Plan (IDP) and Budget as approved by the Matjhabeng Council in its full sitting on 29 May 2014.

Further, this document must also form the basis of the municipal Performance Management System (PMS) as it relates to both Section 56 and 57 employees in terms of Section 53 (1) (c) (iii) (bb) of the Act under discussion.

2. LEGAL REQUIREMENTS AND PROCESSES

In terms of the provisions of the aforesaid Act and accompanying Circulars, the processes for the submission, approval, implementation and revision of the SDBIPs are as follows:

Section 69 (3) (a)	Municipal Manager submit Draft SDBIP to the Mayor within 14 days after the approval of the Budget
Section 53 (1) (c) (ii)	Mayor to take all reasonable steps to ensure that s/he approves the SDBIP within 28 days after the approval of the Budget
Section 53 (1) (c) (iii)	Mayor to take all reasonable steps to ensure that annual performance agreements of the Municipal Manager and all Senior Managers are linked to the SDBIP and performance objectives approved with the Budget
Section 53 (3) (a)	Mayor must ensure that the SDBIP be made public

	within 14 days after their approval
Section 53 (3) (b)	Mayor must ensure that the performance agreements of the Municipal Manager and Senior Managers be made public within 14 days after approval of SDBIP and copies submitted to Council and MEC for local government in the province
Section 69 (1) (a)	Municipal Manager to implement the budget and to adjust expenditure if revenue is not in accordance with the Budget and SDBIP
Section 71 (1) (g) (ii)	Municipal Manager to report within 10 working days of the end of each month to the Mayor an explanation of any material variances from the SDBIP
Section 72	Municipal Manager, by 25 January of each year, to assess the performance of the municipality for the first half of the year taking into account the SDBIP targets and indicators, and submit a report to the Mayor, National Treasury and Provincial Treasury
Section 54	Mayor must upon receipt of reports listed in Sections 71 and 72, check whether or not the budget is being implemented in accordance with the approved SDBIP, etc.

The thrust of the provisions of the MFMA in respect of the SDBIPs is therefore to stipulate projects and activities that must be implemented with a view to effecting life into the IDP; to implement and monitor objectives set in the Budget; set performance indicators in accordance with the IDP and Budget; to ensure that the performance agreements of the Municipal Manager and Senior Managers are linked to the IDP and Budget; to ensure measurement of such performance; and to ensure revision, if necessary, of the Budget and performance indicators.

3. RECOMMENDATIONS

It is recommended that:

3.1 the Honourable Executive Mayor **APPROVES** the Service Delivery and Budget Implementation Plan (SDBIP) for the Financial Year 2014 / 2015

3.2 once approved:

3.2.1 the Honourable Executive Mayor must present the SDBIP before a full Council sitting for noting

3.2.2 the approved SDBIP must form the basis for the performance management of the Municipal Manager and Senior Managers as prescribed by laws and regulations governing local government

RECOMMENDATIONS **APPROVED** / **DISAPPROVED**

OFFICE OF THE MUNICIPAL MANAGER

INTRODUCTORY REMARKS

In Matjhabeng Local Municipality, herein referred to as MLM, the Office of the Municipal Manager, herein referred to as the MM, consists of the following key strategic portfolios, accompanied by the following responsibilities comprising a list not so conclusive:

MUNICIPAL MANAGER (MM)

The overall objective of the Office of the MM is to ensure that the objects of local government as set out on the country's Constitution are met. These include but are not limited to the:

- Provision of democratic and accountable government for local communities
- Provision of services to communities in a sustainable manner
- Promotion of social and economic development
- Encouragement of the involvement of communities and community organisations in the matters of local government
- Achievement of the objects set above within the municipality's financial and administrative capacity

The specific objectives for the Financial Year 2012/2013 for the Office of the MM, as determined in the municipality's Integrated Development Plan and Free State Provincial Development Strategy, can be articulated as:

- To promote and ensure an integrated approach towards service delivery
- To improve communication and collaboration between the municipality and Community
- Improve communication and collaboration between spheres of government
- To build inter- governmental partnerships between civil society, business community and to encourage responsible citizenship
- To ensure an accountable and performance-driven local government
- To properly manage and control finances of Council
- To develop, maintain, and administer a well resourced ICT system

The core functions of this department are particularly aligned to the five key performance areas governing Local Government as contemplated by the National Government. Further, the functions and responsibilities of the Office Of The Municipal Manager are captured in few but specific pieces of legislation, regulations and government gazettes, and include but are not limited to the following:

- Co-ordination of activities within and among departments
- Administration and Management
- Communications
- Strategy development and management
- Organizational and systems development, as well as their maintenance
- Infrastructure development and maintenance
- Development, management and review of organizational performance
- Budget development and execution
- Internal audit and risk management
- Management and accounting
- Inter-governmental relations
- IDP development
- Stakeholder liaison and management
- Driving service delivery programs
- Development and management of service delivery agreements
- Regular reporting and accounting
- Contract development and management
- Management of regional services

EXECUTIVE DIRECTOR: STRATEGIC SUPPORT SERVICES (ED: SSS)

The functions of the portfolio Strategic Support Services complement and are supportive to those of the Municipal Manager. The portfolio executes its functions strictly and directly on behalf of the Municipal Manager, and its functions include but are not limited to the following:

- Coordination of strategies development initiatives
- Facilitation of municipal and individual performance
- Coordination of planning-related activities
- Coordination of monitoring and evaluation programs
- Conceptualization, development and management of research exercises
- Management of communications-related initiatives
- Coordination of risks identification and management programs
- Budgeting and financial management
- Coordination of compliance reporting activities

- Facilitation of intergovernmental-related programs
- Management of internal audit
- Initiation of research assignments
- Building of municipal knowledge data bank
- Execution of municipal intergovernmental functions and reporting
- Coordination of other Directorates
- Monitoring of PMU implementation schedules

MANAGER: COMMUNICATION SERVICES (MNGR: C)

The communications portfolio has several important objectives, and these include the following:

- Ensuring that Council speaks with one voice for a common purpose
- Ensuring development in communication such that communities can come to terms with municipal programs
- Proper positioning and projection of the municipal image and profile
- Provision of an effective and efficient communications framework and policy
- Enhancing of service delivery through effective and efficient communication

Having said that, the core functions of this business unit are:

- Ensuring compliance with applicable legislations
- Stakeholder liaison and management
- Promotion of key government campaigns and themes
- Countering negative reporting by profiling success stories
- Building sustainable partnerships with significant-others with a view to raising the municipal profile
- Manage the website, publications and other relevant tools
- Develop and implement a communications strategy
- Give advice on communications-related matters
- Produce and distribute internal newsletters
- Ensure the municipal brand is enhanced

MANAGER: INTERNAL AUDIT (MNGR: IA)

The primary objective of this business unit is to provide quality audit services in terms of an integrated audit methodology, as well as to provide advice and information to management and the municipality's Audit Committee.

Although Internal Audit and Risk Management portfolio are not revenue-generating in nature, it is an essential support and control function that assists management to prevent unnecessary losses, in-as-much-as its functions help to generate savings for Council. The core functions of this portfolio can be categorized into two, namely, regulatory and performance auditing.

Table 1

REGULATORY AUDITNG	PERFORMANCE AUDITING
Monitor risk management processes	Determine the reliability of management data
Establish compliance with regulations, ordinances, resolutions, laws, etc	Appraise performance in the carrying out of assigned tasks
Review and appraise control systems	Appraise the effective and economical application of resources
Review and appraise the extent to which assets are accounted for and sage-guarded against possible loss	Appraise the effective attainment of set and agreed upon goals

Further and even more important is that the portfolio is largely responsible for the identification and mitigation of risks. It is also crucial for the portfolio to ensure each Directorate undertakes its own departmental risk assessment with a view to making sure that risks are not only identified, but are effectively managed to ensure they do not hold the organization at ransom.

MANAGER: INFORMATION AND COMMUNICATIONS TECHNOLOGY (MNGR: ICT)

The main function of the ICT portfolio is to provide technological and communication services to the municipality in terms of an integrated technological approach, as well as to provide advice and information to management and the IT Steering Committee in a cost-effective manner.

ICT is not necessarily a revenue-generating portfolio, but rather an essential support and control function that helps management to prevent information manipulation, as well as preserving data integrity, thus ensuring savings to Council.

The core functions of the ICT portfolio are:

- To ensure compliance with regulations, Council resolutions, ordinances, and various pieces of legislation
- To ensure smooth operation of all ICT infrastructure and tools and tools of trade
- To preserve the integrity and authenticity of Council data
- To implement information security measures and safeguard Council from hackers, crackers and viruses
- Design and implement a user-friendly ICT system
- Install, maintain and upgrade ICT infrastructure continuously
- Main the server, data back-ups, do back-up testing and information restoration
- Design, implement and update a website continuously
- Build and increase municipality branding
- Open up community access to municipal information
- Ensure communication between the municipality and community

SENIOR MANAGER: PROJECT MANAGEMENT UNIT (SNR MNGR: PMU)

The primary function of the Manager: PMU is to ensure effective, efficient and cost-effective management of the municipality's capital service delivery programs, largely within the context of MIG funding. The Manager: PMU is not responsible for identifying projects in the IDP planning processes, but must liaise closely with municipal planning departments.

Amongst others, this will include the

- development of acceptable business plans
- submission of business plans for approval
- acquisition of business plans approvals
- development of tender documents applicable to particular programmes
- management of appointed service providers in the form of consultants and contractors
- monitoring of programmes
- reporting on programmes
- pre-approval of certificates
- facilitation of payments
- compliance reporting
- capacity-building within projects and contribute data towards EPWP initiatives
- financial management and accountability
- project management, including all activities to ensure that projects meet planning targets and objectives
- project coordination
- project impact assessment and/or evaluation
- contract management, as well as
- managing project feasibility studies

MANAGER: INTEGRATED DEVELOPMENT PLANNING (SNR MNGR:IDP)

- development of the IDP
- facilitation of the public participation program
- facilitation of the IDFP/Budget Representative Forum

- facilitation of the IDP/Budget Committee
- ensuring the alignment of the IDP and SDBIPs to the Budget
- development of the IDP/Budget Planning Process
- facilitation of the IDP Review

OFFICER: INTEGRATED DEVELOPMENT PLANNING (O:IDP)

- works with MANAGER: IDP to realise the aforesaid functions
- takes minutes and keeps record of public participation processes
- feeds into the development of the IDPO and IDP Review Process

ADMINISTRATIVE SUPPORT

The different portfolios in the Office of the Municipal Manager have their respective administrative support personnel, and in the main their functions include the following:

- communications management (telephone, email, fax, letters, etc)
- information management (documents development, filing, minutes-taking, data safe-keeping and guarding)
- stakeholder liaison
- meetings arrangement
- general office administration
- diary management
- travel administration
